PRINCIPALS' MESSAGE

FALL 2020

Great things are happening at the Escondido Adult School!

During our long history, thousands of adult learners have created a better life for themselves and their families by continuing their education at EAS. Whether you are looking to improve your English, earn your high school diploma, HiSET, or GED, or learn a new skill for career advancement or personal growth, our dedicated and caring staff is committed to helping you achieve your goals.

To meet the needs of our students, we offer an assortment of instructional delivery methods: programs that allow students to begin at any time, structured classes that have definite starting and ending points, and/or online learning opportunities. Classes are conducted from 8:30 AM until 9:00 PM, to meet the schedules of all our adult students. Students are challenged to grow academically with the focus on transitioning to the workplace or postsecondary education.

We are eager to welcome our students back safely for the Fall 2020 Semester starting on [Monday, August 31, 2020](#). In accordance with current San Diego County Office of Health Guidelines and the recommendations from EUHSD, we have developed a safe reopening plan for our site. Please see page 3 for details of how we are implementing safety protocols to enable our staff to continue offering the high quality instruction students have come to expect from EAS, in a safe and sanitary learning environment.

We are honored to be the co-principals at the Escondido Adult School and are thankful for the opportunity to serve our community.

Sincerely,
Tom Allison and Stacey Adame

COVID-19 / CORONAVIRUS UPDATE

At the Escondido Adult School (EAS), the safety of our staff and students has always been our number one priority. This is especially important now, as we begin the process of reopening EAS in the midst of the COVID-19 crisis. In accordance with current San Diego County Office of Health Guidelines and the recommendations from EUHSD, we are developing a safe reopening plan for our Fall 2020 Semester. This plan will include keeping our facilities routinely disinfected and implementing protocols that will enable our staff to continue offering the high quality instruction you have come to expect from EAS in a safe and sanitary learning environment.

As you know, these safety recommendations, including those for our students and staff will likely change in the course of the 2020 school year. At EAS, we are committed to keeping you up-to-date with the latest recommendations regarding best practices for fighting COVID-19.

We also anticipate offering flexible modes of instruction that may include face-to-face, and / or on-line classes, or a blended learning experience that incorporates both of these options as the semester unfolds. We appreciate your patience as we work through the changes that may occur with the delivery of our lessons as the health and safety guidelines evolve.

We will continue to share information about the safety protocols we will have in place at the site and the learning opportunities we will be offering with you on our website. www.escondidoadultschool.org

Despite these challenges, the Escondido Adult School will continue to strive to make a positive difference in your life whether you wish to learn to advance your educational and career options or to learn simply for the pleasure of learning something new. We will get through this together!
